PURPOSE

JJR and SmithGroup presented the master plan process, a brief overview of site analysis and alternatives, results of the survey, and the preliminary master plan of Main Campus. Questions and comments were taken throughout the presentation.

MEETING NOTES

Main Campus

- Consider where visitor center will be located in the near term or in the case that ECU does not acquire 10th Street property
- Class times may need to be reassessed to accommodate for walking distances, or buildings location needs to accommodate for short walk times
- Consider implications of master plan decisions on traffic and other factors
- Downtown district needs a place for people (and students) to congregate (in addition to restaurants, coffee shops, etc.) like a library and other open spaces
- Adaptive reuse of old buildings is important for crime reduction

If this report does not agree with your records or understanding of this meeting, or if there are any questions, please advise the writer immediately in writing; otherwise, we will assume the comments to be correct.
