PURPOSE

JJR and SmithGroup held an open house in the Cardiovascular Institute on the Health Sciences Campus. This meeting was a formal presentation that focused on the Health Sciences Campus, with a question and answer session following. It appeared that the attendees were faculty and staff.

MEETING NOTES

- Breezeway connections between buildings would help with pedestrian connections
- Consider the possibility of parking below the clinics building for patients, faculty and staff
- Consider future utilization of Moye buildings
- Whatever happened to the monorail concept from the last master plan?
- Consider showing the future nursing expansion at a bigger size
- Pedestrian paths and recreation is important on this campus
- Consider an interior walking track when programming the Student Services building
